

## CUSTOMER COMPLIMENTS

Inn at Camachee Harbor

Before High Tide Cleaning came to the **Inn at Camachee Harbor**, our outdoor ceilings and walls were covered with a layer of dirt and grime. It is especially hard to keep these exterior areas clean with the salt air that comes from the marina and Intracoastal on two sides of our Inn.

After David and Stephanie left our property, it looked like the building got a new paint job! Our reasonable rate included all of our public walkways and ceilings, as well as our individual guest balconies and decks.

High Tide was extremely easy to work with every step of the way, and they were flexible enough to work around the Inn's schedule and availability. I will definitely be calling at least once a year to ensure that our property always looks clean and sparkling!
