

Having previously worked with High Tide Exterior Cleaning Solutions on The Inn at Camachee Harbor, Property Manager Stephanie Levoy called us when it was time to clean **The Views at Baypointe**, a five building condominium community on the Intracoastal Waterway in St. Augustine.

The objective was to remove the grime and mildew accumulated on the Spanish roof tiles of the residential buildings and garages. In addition, High Tide cleaned all public walkways, walls and ceilings. Many owners then asked High Tide to clean their individual balconies.
